RE: Fertilizer and Weed Control Application

Dear Hawthorn Family:

This letter is to inform you that a Hawthorn contractor is scheduled to apply fertilizer and weed control to our district lawns on October 18, 2014. Sprayed areas will be posted, and people are encouraged to stay off of the areas for two hours after the application.

Hawthorn takes great care to ensure that we maintain the safest environment possible for our students and the entire community. Projects such as fertilizer application are scheduled during times when students are not present and school is not in session. Whenever possible, we use environmentally friendly "green" products.

Hawthorn School District #73 moved to an online notification request system, which is also explained in the Student/Parent Handbook, as well as on the District website, [www.hawthorn73.org](http://www.hawthorn73.org). If you are interested in receiving notification for the coming school year, please review the Handbook information and send your formal request along with your name and mailing address to [notification@hawthorn73.org](mailto:notification@hawthorn73.org). You must submit yearly if you want to be included on the notification list.

Sincerely,

A handwritten signature in black ink that reads "James Staples".

James Staples  
District Facilities Manager
