HAWTHORN SCHOOL DISTRICT 73

MOST IMPROVED

MAY 11, 2015

We expect that all of our students at Hawthorn work hard to improve from year to year and we asked students to describe why they deserve Hawthorn's Most Improved Student Award. They were to reflect on how they have grown in the last 3 years of school and the areas of their life where they feel they have made great improvements.

They were also to tell what steps they have taken to make these improvements, who has helped along the way, and how they plan to continue making growth.
