For nurses, doctors and government officials we are offering FREE Day Camp for their children. We are also capping off at 30. Strict Hygiene Protocol. Strict turn aways if anyone walks in and has any symptoms of a cold. Campers' temperatures must be under 99 Degrees. We have a temple thermometer that we will use on every child that walks in. Parents are suggested to call us when they arrive to pick up and we will bring their child to the front door so they do not need to walk in. When they arrive to drop off we will pick up their child at the front door and walk them in.

We strongly recommend finding care for your children with family or close friends. We are offering camp to those who truly have no other means to child care.
